

**Mentone Flying Club
July 2004 Newsletter**

The Pancake & Sausage Breakfast was a relative success despite the early threat of a rainout. Only one plane flew in. Income from the event grossed \$953.

The Club is growing at a steady pace. Another four applicants were voted in as social members at the June meeting.

The membership approved an amendment to the Bylaws that will require all applicants for owner membership to submit, at their expense, a criminal records background check and a current official credit report. This requirement becomes effective August 1, 2004. Applicants submitting an incomplete application or not providing the background check and/or credit report will not be considered for owner membership status. The standardized forms that the Club will accept will be available in a membership application packet, and will also become available on the Club website along with the existing application.

Further discussion on amending the Bylaws will be on the agenda for the July 16th meeting.
